## Jude

Have you ever had a nickname? What is it?

1. Jude means “praise”. What attribute would you like your name to reflect?
2. Read verse 2. Why does Jude say “mercy and peace” instead of “grace and peace” like Paul does? Is there a difference?
3. Read verse 3. “What does contend for the faith” look like to you?
4. How do you determine when you should go to war and when you should forbear?
5. Looking at the attributes of the certain men that “crept in” from verse 4 and the attributes of the stories called out in verse 11, where do you see parallels?
