## Deuteronomy 14-15

All things considered, what is the worst advice that you've ever followed and then regretted?

1. Why do you suppose God had set up dietary laws (verses 3-21) for the children of Israel?
2. Read verse 21. Why do you suppose God puts a restriction on boiling a young kid in its mother's milk?
3. Do you suppose dietary laws are incumbent upon the church?
4. Why do you suppose God set up the tithe (verses 22-29) for the children of Israel?
5. Do you suppose tithing is incumbent upon the church?
6. Read verse 15:11. If there are always poor in the land, does it behoove the government to try and solve the poverty issue?
7. Read verses 16-17. How could anybody ever choose to be a slave forever?
